February 3, 2003

Dear Dr. Jousselein:

I am writing this to you on stationery which belonged to my late husband, as I thought this would please you.

You asked me if I would accept the position of Honorary President of your monthly forum, "HYPNOCAFÉ." I am very pleased, and impressed with the great honor of your request. However, I feel it might be more appropriate for you to give me an honorary membership in this group, rather than the Presidency. During my husband's lifetime, I assisted him all I could in his work, but he was the great authority - I was only a helper.

Thank you for your letter, and best wishes to you for this New Year, 2003, and may there be many more to come.

Sincerely,

Elizabeth M. Erickson
(Mrs. Milton H. Erickson)
